1. INTRODUCTION

Errors are sometimes encountered on taxpayers' accounts due to incorrect capturing of Payment Reference Numbers (PRN's) or tax reference numbers.

An enhancement on eFiling as part of the payments process will ensure that the taxpayer can view and print a payment advice and use the pre-populated PRN as reference when making a payment at the bank or via Electronic Funds Transfer (EFT).

The payment advice notice functionality will only be available for those payments linked to a return on eFiling.

Taxpayers are encouraged to print a payment advice prior to making a payment at the bank in order for the payment to be correctly allocated to the account.

This functionality will be available for the following taxes:

- Income Tax, including Assessed Tax and Administrative Penalties
- Value-Added Tax, including VAT Penalties
- Pay-As-You-Earn, including PAYE Penalties
- Dividends Tax
- Provisional Tax

2. HOW TO ACCESS THE PAYMENT ADVICE NOTICE FROM RETURN SUBMISSION
